

To post your own blogs you will first need to login. The login area is located in the upper right, in the blue banner area below the top menu.

1. After you login, click on "My Profile" or "Blogs" in the top menu, then click on "Blog Dashboard" in the contextual submenu below.

2. When you get to your blog dashboard, make sure you are on the "My entries" tab (in the upper half in red circle on screenshot).

3. Click on the "Write a New Entry" button (in the lower half in the red circle on screenshot) and the MyBlog Editor will come up and you will be ready to blog.

The screenshot shows the FDLP Community website interface. At the top, there is a logo and a search bar. Below the logo is a navigation menu with links: HOME, MY PROFILE, MEMBERS, BLOGS, GALLERY, CALENDAR, WEB LINKS, FORUM, and HELP. Under the MY PROFILE link, there is a submenu with: My Profile, Profile Dashboard, Blog Dashboard, Comment Dashboard, and Gallery Dashboard. The main content area has a blue banner with the text "Welcome to the FDLP Community site!" and a description of the site's purpose. To the right of the banner, there is a user profile for "Hi, Katy Davis" with a small photo and a "Logout" button. Below the banner, there are four tabs: "My Entries" (highlighted with a red circle), "Preferences", "Stats", and "Comments". Under the "My Entries" tab, there is a "Write New Entry" button (also highlighted with a red circle). Below the button is a table of blog entries.
